

AMAZONE

FTENDER MOUNTED FRONT HOPPER

Highly efficient and flexible

- › High output due to the large hopper capacities of 1,600 l and 2,200 l
- › The twin-chamber hopper enables seed and fertiliser to be combined
- › More comfort thanks to full ISOBUS implementation in the machine actuation
- › Comfortable and fast coupling and uncoupling

FTender 2200C with front packer and a twin-chamber hopper for even more flexibility in sowing

Tailor-made drilling systems from the world champion in combinations
