**26<sup>th</sup> May 2016** 10 am until 5 pm

Technical field day and open house for farmers and dealers at  
AMAZONE Ltd's Training and Research Centre near Doncaster

## Watch the kit working in the field

- On show with working demonstrations throughout the day will be the latest in drilling and cultivating technology.

## Live in action in the tramline

- With standing crop to play in, the full range of sprayers and spreaders will be open for a test drive both morning and afternoon.
- See the Cirrus 4003-2C grain & fertiliser, Cayron 200-100 and ZA-TS Argus Twin ahead of their launch at Cereals 2016.
- Ahead of the National Spreader Testing Scheme there will be demonstrations of tray testing

## Precision Farming Centre and ISOBUS Clinic

- Come along and check out your compatibility and get those technical questions answered by the experts

*We look forward to seeing you on the day*
