

AMAZONE

AD HARROW-MOUNTED CONVENTIONAL SEED DRILL

The reliable classic

- › Very compact and lightweight seed drill combination with a working width of 3 m
- › Centralised, infinitely variable hydraulic couler pressure adjustment
- › Perfect depth control of the RoTeC single disc couler via the self-cleaning depth guidance disc
- › Well-cleared seed furrow thanks to a reliable furrow former
- › Good coverage of the seed with soil via the Exact or Roller harrow – even when mulch sowing

Tailor-made drilling systems from the
world champion in combinations
